PRESS RELEASE

UNIVERSITY SELECTION: 2010/2011 INTAKE FOR GENERIC CANDIDATES

Mzuzu University is pleased to announce names of generic candidates selected to begin studies in various programmes for the 2010/2011 Academic Year.

Selection Criteria

The process of selecting the successful candidates was based on the Malawi Government's policy of equitable system for admitting students to public universities on Government scholarship. Under this policy, each district was offered ten places on merit for the best candidates qualifying for entry into various programmes. The rest of the candidates were selected based on both merit and population ratios of districts of origin.

Mzuzu University used the candidates' performance at Malawi School Certificate of Education (MSCE) or its equivalent as the academic basis for merit ranking of candidates.

In 2010, a total of 11,172 candidates applied for admission into the University (8,168 males and 3,004 females representing 73% and 27% respectively). Out of these applicants 9,217 qualified for entry into the programmes they had applied for while 1,955 did not qualify. From the candidates that qualified, 532 have been selected to study in various programmes at Mzuzu University, of the selected ones 368 are males while 164 are females, representing 69% and 31% respectively. This press release excludes candidates that have been selected into the Nursing and Midwifery programme.

The list of names of the selected candidates is as follows:
